

The AeX-Institution Scholarship was established in November 2009 to offer scholarship support to the Military Community and family members. This scholarship is a way for Academic Explorer (AeX) to give back to the men and women who have served this country by serving in the military or supported their family member as they have served. These scholarships are given in the amount of \$1000 for the current academic year in recognition of academic institutions that are currently participating on the Academic Explorer platform and publishing a full course catalog of certificate and degree programs.
